

Gas network reference tariff schedule for the Evoenergy gas distribution network in ACT and Queanbeyan-Palerang

Effective date: 1 July 2026

Schedule of Charges

Exclusive of GST

Reference Tariffs

Effective 1 July 2026

Evoenergy

ABN 76 670 568 688

OVERVIEW

In May 2026, the Australian Energy Regulator (AER) approved the access arrangement that will apply to the provision of gas network services by Evoenergy (formerly ActewAGL Distribution) from 1 July 2026 to 30 June 2031. The access arrangement describes the reference services that Evoenergy offers.

In line with the requirements of the access arrangement, reference tariffs from 2027–28 onwards are subject to annual variation of the access arrangement (reference tariff variation mechanism). Annual variations are subject to approval by the AER.

The Australian Capital Territory (ACT) and Queanbeyan-Palerang gas distribution network access arrangement 1 July 2026 – 30 June 2031 is available at <https://www.aer.gov.au>

The reference tariffs in this tariff schedule are as per the AER approved 2026–27 tariffs. The tariffs are expressed in 2026–27 dollars and are exclusive of goods and services tax (GST).

1. Initial tariff classes and tariff charge components

- a) A user must pay the service provider all charges applicable to the reference service provided based on the relevant tariff category.
- b) The tables below set out the tariff charge components applicable to each tariff category.
- c) In addition, other charges are payable in accordance with the Reference Service Agreement.
