Evoenergy Gas Network Businesses	31 July 2017	18 December 2017	The AER grants a waiver of Evoenergy's obligation to comply with clause 3.1 (b) of the Guideline from 18 December 2017 until 30 June 2024 to allow Evoenergy to continue to own and operate its: - natural gas distribution pipelines located in the ACT and the Queanbeyan-Palerang council area east of Canberra (ACT Gas Network); and - natural gas distribution pipelines located in the Nowra network in the Shoalhaven local government area on the NSW south coast (Nowra Gas network).	This waiver is granted on the condition that Evoenergy will submit to the AER a cost allocation methodology updated to: - reflect the requirements of the Guideline; and - explicitly account for the ACT Gas Network, the Nowra Gas Network and the CNG Refuelling Facility, and any changes to Evoenergy's organisational structure arising from the creation of separate legal entities. This updated cost allocation methodology must be submitted to the AER by 1 July 2018.	
Evoenergy Gas Network Businesses	17 August 2023	3 November 2023	The AER has decided to grant a waiver of Evoenergy's obligation to comply with clause 3.1 (b) of the Guideline from 1 July 2024 until 30 June 2029 to allow Evoenergy to continue to own and operate its natural gas distribution pipelines located in the ACT and the Queanbeyan-Palerang council area east of Canberra (ACT Gas Network); and its natural gas distribution pipelines located in the Nowra network in the Shoalhaven local government area on the NSW south coast (Nowra Gas Network).	The AER expects Evoenergy to comply with the Guideline in all other circumstances and in all other respects. Evoenergy is required by clause 5.7 of the Guideline to include this waiver on its waiver register, which must be publicly available on Evoenergy's website.	

Evoenergy Electricity Network Businesses	30 August 2023	22 May 2024	The AER has decided to grant a waiver of Evoenergy's obligation to comply with clause 3.1(b) of the Electricity Distribution Ringfencing Guidelines in relation to the provision of "other services". This Waiver allows Evoenergy to continue providing the Services to the Customer for a two year period, until 22 May 2026, while Evoenergy re-designs systems to separate assets on the Evoenergy and the Customer's side of the network boundary.	The AER expects Evoenergy to comply with the Guideline in all other circumstances and in all other respects. Evoenergy has been granted the waiver subject to meeting the requirements of an enforceable undertaking on terms agreed with the AER. Evoenergy is required by clause 5.7 of the Guideline to include this waiver on its waiver register, which must be publicly available on Evoenergy's website.
Evoenergy Electricity Network Businesses	22 May 2026	15 May 2026	The AER has decided to grant a waiver of Evoenergy's obligation to comply with clause 3.1(b) of the Electricity Distribution Ringfencing Guidelines in relation to the provision of "other services". This Waiver is an extension of the same waiver conditions granted by the AER on 22 May 2024 and allows Evoenergy to continue providing the Services to the Customer the period until 30 November 2026, while Evoenergy re-designs systems to separate assets on Evoenergy and the Customer's side of the network boundary.	The AER expects Evoenergy to comply with the Guideline in all other circumstances and in all other respects. Evoenergy has been granted the waiver subject to meeting the requirements of an enforceable undertaking on terms agreed with the AER. Evoenergy is required by clause 5.7 of the Guideline to include this waiver on its waiver register, which must be publicly available on Evoenergy's website.
Ring-fencing class waiver - December 2022	21 November 2025	3 February 2023	The AER began consultation on a class waiver under section 5.3A of the AER's electricity distribution ring-fencing guideline in December 2022. On 3 February 2023 the AER published a final decision to grant a class waiver that would enable DNSPs to lease battery capacity to third parties for batteries funded under the Commonwealth Government's Community Batteries for Household Solar Program, subject to strict controls and criteria.	The AER expects Evoenergy to comply with the Guideline in all other circumstances and respects. Evoenergy must abide by all requirements in the "Decision -Distribution ring-fencing class waiver for DNSP-led projects funded under the Australian Government's Community Batteries for Household Solar Program". Evoenergy is required by clause 5.7 of the Guideline to include this waiver on its waiver register, which must be publicly available on Evoenergy's website. This contract with Energy Australia was signed on the 21 November 2025 and is valid for a period of 8 years.

Ring-fencing waiver for shared transmission services	7 September 2026	7 September 2026	The AER has decided to grant Evoenergy a waiver from its obligations under clauses 4.2.1(a), 4.2.2(a) and 4.2.3 of the Ring-fencing Guideline until 30 June 2041. The waiver permits Evoenergy to use its existing staff, offices, systems and branding when providing negotiated distribution services to the Williamsdale BESS through the relevant dual function assets.	The AER expects Evoenergy to comply with the Ring-fencing Guideline in all other circumstances and respects, and to continue complying with applicable pricing, negotiating framework, cost allocation and reporting obligations. Evoenergy remains subject to the AER's powers to review, vary or revoke the waiver, and must notify the AER of any breaches of its obligations under the Guideline
