

Connection application meter/service upgrade/downgrade

This form is to be completed for upgrading or downgrading a meter or service except for applications lodged through our electronic business system. If the annual consumption at the Supply Address is more than 10 terajoules per annum (large industrial customers), please contact Jemena.

Evoenergy has contracted Jemena Asset Management (Jemena) to provide network services including managing connections and related processes.

The *applicant* hereby applies for upgrading or downgrading the meter at the *supply address* in accordance with the terms and conditions for connection alteration services (meter upgrade/downgrade) of premises connected to Evoenergy's gas distribution network (annual consumption less than ten (10) terajoules) (**terms and conditions**) which are available on *our* website. Italicised terms in this form have the meaning given to those terms in the terms and conditions. Please contact us if you would like a hard-copy and we will post it to you.

Applicant details

Name:

Address:

Mobile: Phone: Fax:

If *applicant* is a company: Representative/Contact: ABN:

Are you the *owner* of the *supply address*? Yes No If **no**, in what capacity are you making this application [e.g. builder, plumber, occupier/tenant]:

What happens next?

All offers for meter alteration services are negotiated connection offers. Further information about our negotiated connection contract process is set out on our website: www.evoenergy.com.au.

Once we have a completed application, we will make you an offer setting out the work to be performed and the charges. If you accept our offer and pay any charges, we will use our best endeavours to schedule and perform the works as soon as possible.

How would you like the offer sent?
